Acknowledgments

We would like to thank the developers of Theano⁵, for developing such a powerful tool for scientific computing (Theano Development Team, 2016). We acknowledge the support of the following organizations for research funding and computing

support: NSERC, Samsung, Calcul Québec, Compute Canada, the Canada Research Chairs and CIFAR. C. G. thanks for IBM T.J. Watson Research for funding this research during his internship between October 2015 and January 2016.
